

8 PER CENT project overview

8 PER CENT is an Erasmus+ project aiming to support the growth of innovative entrepreneurs in Europe. To achieve this goal, partners have worked together to develop a series of **digital educational resources** that address **key entrepreneurial skills**, as well as to develop an **in-service training** targeting **VET tutors** who, as key intermediaries, play an important role in the transmissions of these skills.

The **last TPM** was held in **Marseille**, France, on July 21, 2022 in a hybrid format. Partners met to discuss the current status of the project, now nearing completion.
